## Boyertown Casket Workers Vote to End 2-Day Walkout

Members of Local 406, Upholsterers' International Union (AFL), voted to end their two-day strike against the Boyertown Burial Casket company at a meeting in the Friendship Hook and Ladder company, Boyertown, last night.

The 375 employees of the casket company ratified an agreement reached during an afternoon conference between union and management officials calling for arbitration of the issues involved.

The employees will report to work this morning at 8 o'clock at both the Boyertown and East Green-ville plants.

John Coffey, Philadelphia service representative of the union, announced that Floyd R. Ward, who was fired by the company for allegedly advising a new worker to reduce production, will go back to work, pending the outcome of the case which is to be submitted to an impartial arbitrator.

The question whether the strike was a breach of contract, as charged by the company, also will be submitted to arbitration.

## Rev. Gibbony Leaves Post At Pughtown

The Rev. A. Thomas Gibbony, pastor of Pughtown Baptist church since October, 1950, will return to his native Buckeye State next month.

The 27-year-old pastor has accepted a charge at Radnor Baptist church, Radnor, Ohio, just 100 miles from his former Norwood home, in suburban Cincinnati.

A Navy veteran of more than two years service in the Pacific theater on an attack transport as a seaman, 3d class, the Rev. Gibbony was installed as pastor at Pughtown in December, 1950.

He was graduated from the Eastern Baptist Seminary, Philadelphia, this past May after six years of college and seminary work.

For two years prior to his pastorate in Pughtown he served as student pastor of the East New Market, Md., Baptist church.

THE REV. Gibbony explained his departure last night, "I'm

## Doctor Works 2½ Hours Over Boy's Cut Foot

A Pottstown physician worked 2½ hours in the Pottstown hospital yesterday afternoon suturing blood vessels, major muscles and numerous deep lacerations in the left foot and leg of Robert Maute, 10, of Linfield, after he was cut by a broken beer bottle on a bank of the Schuylkill river.

Dr. M. Morton Gratz, the physician, said more than 100 sutures were required to repair the vessels, and muscles and close the boy's wounds.

The youngster was in traumatic shock when taken to the hospital by his father, Franklin. He was treated for the shock in the hospital dispensary, then about an hour was required by Dr. Gratz to remove "a tremendous amount of dirt" in the wounds before he could learn how much damage had been done to the foot and limb.

During the operation the boy, who Dr. Gratz said had lost about a quart of blood before his father reached him and applied a tourniquet.

## Cutting Weeds To Reduce Hay Fever Suffering

Persons addicted to hay fever should find that Pottstown air has less pollen this year due to the recent pressure by the borough to compel home owners to cut weeds.

The first step in the grievance procedure outlined in the contract is for the worker to file a complaint with his immediate superior, who must answer in writing.

Ward, a union business agent and metal worker in the casket company, said the strike was a breach of contract, as charged by the company, also will be submitted to arbitration.

## Hybrid Corn Aided Farmers

Hybrid seed, used by many farmers in the Pottstown area, last night was credited with saving most of the corn crops in this area from ruin by drought and hot weather.

Farmers queried all use the hybrid corn seed and said the extra-heavy and deep roots of hybrid corn have the ability to pull the plant through weather conditions that are not too severe.

S. Harvey Kulp Jr., of Pottstown, ED 1, who with his father, S. Harvey Kulp, and brothers, Gerald, L. and Douglas E., has planted 120 acres of corn on three farms, said:

"We plant all hybrid corn. Everybody around here does."

## Children Star In Show Tonight

(Pictures on Pages 2 and 7)  
Nearly 300 boys and girls will be in the cast when the borough's playgrounds put on their show at the Pottstown Senior High school tonight at 7:30 o'clock.

An operetta, "Mother Goose Island," will be the main attraction at the two-hour show. Each playground will have its own turn before the footlights to give its own little stunt, which it has been practicing.

## Hurt? Naw!

Elizabeth Leuchak, one of Pottstown's Visiting Nurses, treats 6-year-old Michael Zevon, son of Mr. and Mrs. F. Melvin Zevon, at their home at 1314 South street. During the past 12 months, the three local visiting nurses have made 5200 visits to approximately 650 patients in the Pottstown area. The Visiting Nurse association, a member agency of the newly-organized United Fund, is largely dependent on public contributions to continue its vital work.

Paul Strunk, 15, of 556 Walnut street, the middle one of the three youths standing in the street (top photo), surveys part of the damage he came close to preventing when he scrambled through the far window of this steel truck as it was rolling backward across High street without a driver. The sedan at the far left was speared by beams sticking out the back of the truck, then pushed into High street. The car by the curb was damaged by the right rear of the truck. Hiding behind the truck is a third damaged car. Bottom photo, Robert E. Briggs, of Camden, N. J., who had left the truck parked on the north side of High street, near Rosedale drive, takes a look at the cars it damaged. The guy wires and shield, at far left, plus the high curb, checked the runaway before it could do more damage. Note the sign frame at left from which the sign has been neatly punched.

## DRIVERLESS VEHICLE RUNS WILD 3 CARS HIT BY TRUCK

A driverless truck, loaded with eight tons of steel beams, rolled backward across High street for about 150 feet from its parking space near Rosedale drive yesterday at 1:40 p. m. Before it stopped, the three parked cars were damaged, angle irons sticking from the back of the truck.

Eighteen-year-old Paul Strunk, of 556 Walnut street, made a bold effort to halt the runaway. Both the macadam area in front of the doors of the cab were barred by 40-foot-long steel angle beams. High street. The truck had started but the boy scrambled through a window of the truck as the truck gathered momentum on the down-grade.

Just before he could grab the emergency brake, which he reported was off, the crash came.

STRUNK TOLD Patrolman Thomas Corum, who investigated, that this sedan was lifted into the air onto its rear wheels, then sent rolling backward into the middle of High street. This sedan was damaged extensively.

When it was speared, the sedan was pushed into the right side of a sedan, parked close to the front wall of the auto showroom. This sedan, owned by Walter Borneman, 621 Highland road, Reading, had relatively light damage.

Also damaged extensively was a car parked along the curb, owned by Robert H. Bupp, Reading. The right rear of the truck smashed this car's upper right corner.

All three cars were empty when hit. Only an unusually high curb and the guide wires of a telephone pole kept the steel truck from rolling further, possibly into the auto showroom.

## Decision Is Promised Within Ten Days as Cruelty Hearing Ends

By MERCURY STAFF WRITER FRED C. SELBY

The Pottstown area's first formal hearing of cruelty charges against a teacher ended yesterday morning, with a decision officially promised within 10 days.

In the closing arguments in Colebrookdale school of Douglass township, Berks county, the school directors who will make the decision were told that the charges were both "diabolical" and true.

Al. Bernard Hoffman, Reading, attorney for the accused teacher, Mrs. Mary H. Trethewey, said the hearing was part of a diabolical pattern to destroy the reputation of Mrs. Trethewey.

Louis Sager, Pottstown attorney representing parents who brought the cruelty charges, said the stories of mistreatment in Mrs. Trethewey's classroom told by First and Second grade pupils could be summarized this way: "Out of the mouths of babes will come the truth."

Just before the attorneys summarized their cases, Mrs. Trethewey finished her defense of herself. She was the only defense witness called.

She continued her denial, begun the past week, of having mistreated any of the children.

MRS. TRETHEWEY said that the four major charges against her discussed yesterday were, at best, grossly exaggerated examples of routine discipline.

As an example, she said that on the day she was accused of scratching one boy's face severely, she had done nothing more than turn his head around after warning him repeatedly against copying answers from the boy behind him.

Mrs. Trethewey said she did not see any sign of having scratched the boy then.

At the end of the hearing, which began at 10 a. m. with the stenographer announcing she already had taken 222 pages of shorthand notes, Ralph C. Body, solicitor for the board, declared:

"We must decide one way or another, within 10 days of this date—that's the law."

HE INDICATED the board (Continued on Page Ten)

## Committees To Decide on Streets Bond

The fate of Pottstown's battered streets will be entrusted to two council committees Friday night.

Members of the highway-sewer and finance committee will huddle to determine the status of a street improvement bond issue.

They will decide whether the bond issue will be presented to the electorate at the November presidential election or at a separate election, possibly in January.

At a meeting of the two committees this past July 24, the advantages of a separate election were outlined. It was pointed out voters may not develop an intense interest in the bond issue if it is submitted to them at a presidential election.

Borough Solicitor C. Edmund Wells said of the bond issue, "You would get a much more accurate indication of what the people want at a separate election."

The solicitor explained the borough would have to stand expenses of a separate election.

AT FRIDAY'S meeting the committee will decide on the amount (Continued on Page Seven)

## 87th Birthday Is Marked by Dr. J. E. Porter

Flowers, cards from old friends and a busy day at the office marked the 87th birthday anniversary yesterday of Dr. J. Elmer Porter, Ringing Rocks.

The venerable physician and political leader called on six patients at their homes and saw numerous others in his office.

Porter reported, "I had a very pleasant time. I received many cards from old friends and a bouquet of flowers from college (Jefferson Medical college, Philadelphia) and a note from the alumni association."

The doctor, who has occupied the role of Pottstown's Mr. Democrat for many years, explained, "I'm not trying to practice. I'm just taking care of the old patients who request my services."

PORTER, WHO served a term as burgess shortly after the turn of the century, uttered a venerable caution to political prognosticators. On the presidential election he ex-

## Flagg Workers Reject Offers

Members of Stanley G. Flagg Local 2328, United Steel Workers, (CIO), last night unanimously rejected company proposals which include a general 10-cent hourly wage boost.

More than 300 of the union's 675 members voiced a solid "no" to the firm's offers.

The company offer includes a 10-cent across-the-board hike in wages and fringe benefits which would amount to approximately 1½ cents per hour.

## 17 Lucky Bucks Still Are Loose

Not opening your wallet or pocketbook and checking the serial numbers on your \$1 bills may be costing you money — 17 of the Lucky Bucks circulated in Pottstown's stores were still outstanding last night.

Only one Lucky Buck was turned in yesterday to be traded for twice its face value. The alert winner was Ralph Yost, of 668 Spruce street.

The 17 bills still circulating in the Pottstown area are worth much more at The Mercury than at the corner store.

Check your \$1 bills now. Of the 17 Lucky Bucks still outstanding there are many \$5 and \$10 prizes in addition to \$2 awards to be given.

The Mercury will redeem the Lucky Bucks at its office between 9 a. m. and 5 p. m.

## Humidity Keeps Town Mopping

Pottstown sweltered again yesterday.

A high temperature of 83 was recorded at noon, but rain teamed with a choking humidity to make it a miserable day behind the ironing board.

The mercury stood at 78 at 8 o'clock last night.

A cover of gray clouds shielded the Perseid meteors dance through the skies.

Dr. Charles Oliver, professor of astronomy at the University of Pennsylvania, reported last night they are scheduled to reappear Aug. 11, 1953.

## Camp Children Surprised By Sudden Rain of Peanuts

(Pictures on Page 9)  
The 160 young "Missionary Volunteers" spending this week at the Pottstown Community camp under the sponsorship of the East Pennsylvania conference, Seventh Day Adventists, found yesterday that a "surprise" lived up to its billing.

At 12:30 p. m., the boys and girls, aged 9 to 16, lined up outside their cabins to await the first of the daily surprises announced by Lynn Callender, camp director.

A light airplane made a test pass over the area. On each of the next five passes, the contents of one 10-pound bag of peanuts were poured from

the low-flying airplane.

After the last run, Callender said, "You should have seen the wild scramble. The boys just came in with their pockets full. The girls held their dresses like aprons."

THE PEANUT "plane" came there from Bethlehem. It is owned by H. S. Campbell, Bethlehem, a friend of the conference.

Callender said, "Everything's going just fine. In spite of rain, we're going swimming today."

In addition to recreation, the camp is stressing religion and the study of nature.

## Visiting Nurses Lead War Against Disease

Part of the battle against disease in Pottstown was summarized in figures turned into the budget and admissions committee of the newly-organized United Fund the past Monday night.

It was a two-page operating report of one of the member agencies—the Visiting Nurse Organization of Pottstown—which expects to spend \$14,000 during the coming 12 months.

For what? A potential contributor to the United Fund may well ask. For, if the Fund reaches its goal this fall, \$5500 of it will be turned over to the Visiting Nurses.

Generally speaking, the functions of the organization are to promote individual and community health; to prevent disease, and to provide skilled nursing care for the sick in their homes.

As Leona V. Smith, senior staff nurse, points out, "Service is available to everyone regardless of race, creed or financial status."

During the past 12 months, 5200 visits to approximately 650 patients were made by Miss Smith, Margaret Haire, Elizabeth Leuchak and Mrs. Elsie Ludwig, who works on a part-time basis.

But, as usual, statistics do not tell the whole story.

TO AN "anxious mother or the family of some aged patient, the dark blue uniform of the visiting nurse is a symbol of hope.

"The Visiting Nurse organization gives a family a sense of security," says Miss Smith, "because they

know someone will come in and advise them. Most families are not prepared for sickness, and you have to improvise and use the articles available."

The nurses' bags are equipped with everything needed on a case, with the exception of medicines. They contain various dressings and instruments which would be vital in an emergency.

## Four Seek Post In W. Pottsgrove

At least four, and maybe more, residents of West Pottsgrove seek the township commissioner post held by Lloyd A. Koch before his death in a ditch cave-in July 30, it was learned last night.

Peter Dori, Republican president of the board of commissioners, said last night that four men, whom he did not identify, have informed him they would like to be appointed to fill the unexpired portion of Koch's term, which ends in January, 1954.

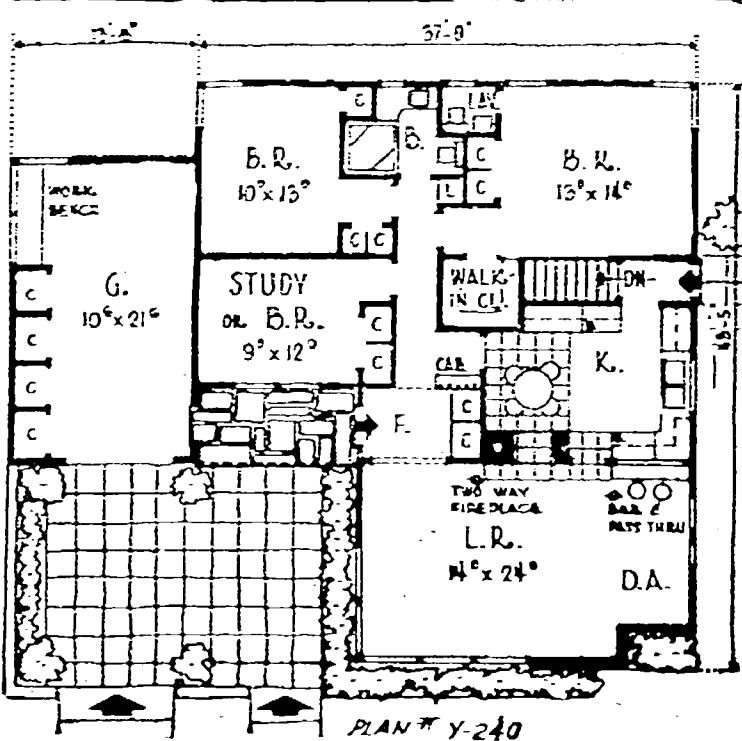

Koch's successor will be appointed at a special meeting of the commissioners sometime this month. The law states a vacancy on the board must be filled within 30 days after it has been created.

Elmer E. Hampton, another Republican member of the board, said last night, "Nobody has ap-

## HOMES FOR AMERICANS

THE MODERN TEMPO is expressed in this smartly planned house in which every room except the kitchen is a dead-end room. A two-way fireplace spreads cheer in both the living room and Dutch dining alcove in the kitchen. Another dining alcove at one end of the living room has a pass-through bar to the kitchen. The low pitched roof has wide overhangs to shade the large windows. This is Plan Y-240 by Herman York, architect, 115 New Hyde Park Road, Garden City, N. Y. The house covers 1346 square feet.

## Driver Fined; Faces 3 Additional Citations

Herbert Graham, 421 Water street, paid a fine of \$10 and costs last night before Justice of the Peace Raymond C. Kelley, of the Second Ward, for disorderly conduct when arrested Monday night by Motor Patrolman Paul J. Galley and Patrolman William A. Mars at High and Charlotte streets. Graham, said Kelley, argued with Mars when stopped in his automobile at the intersection for reckless driving. Mars and Galley then arrested him. Mars learned after hearing Graham that he was driving alone with only a learner's permit and had failed to notify the Bureau of Motor Vehicles of a change in his address. Mars then charged Graham with reckless driving and the other two etan church. South Pottstown, violations of the Motor code and Kelley prepared to mail summonses for the three charges to Graham.

## Concert Postponed When Skies Darken

Cloudy skies and damp grass last night caused the postponement of the Pottstown band's free concert on the lawn of St. John's Lutheran church, South Pottstown, until 7 p. m. Aug. 26. Band Director William F. Lamb, Jr. said the band was ready to set up its equipment on the lawn about 6 o'clock last night, but the skies threatened rain, so he called off the concert. "Unfortunately," he said, "everything cleared up and the sun came out a little while after we went away." The concert was to be the third in a series of four the band is presenting in appreciation of the financial support of Pottstown area residents. Next Tuesday, the third concert, will be presented at the Franklin school grounds, Franklin and Grace streets.

## State Delays Action On Dam Application

The State Water and Power Resources board has postponed consideration of an application by the Philadelphia Suburban Water company to build a dam on the Perkiomen creek near Green Lane until engineers for the company's opposition return from vacation and can study the dam plans. The postponement was made at the request of former Supreme Court Justice Grover C. Ladner, counsel for a number of municipalities and creek-front owners protesting the dam. Secretary of Forests and Waters Samuel S. Lewis said yesterday the case probably will be docketed for the September meeting of the board if Ladner agrees. The board was to consider the issue today.

hospitalization, three weeks vacation for employees with more than 25 years service and vacation pay based on a percentage of yearly income. Under the company plan those with one week vacation would be granted 2 percent of their annual income, those with two weeks vacation would receive 4 percent of their yearly salary and the 25-year men would get 6 percent.

CLARENCE MATZ, local president, reported after the session, "Bargaining will be reopened. The bargaining committee will meet in the near future with company representatives. There's no specific point on which the disagreement rests. It is rather a general overall difference."

No date has been selected for the company and bargaining committee session. Matz emphasized the company's offer was their first and that union members felt the general figures were too low when the high cost of living is considered.

Serving on the committee are Matz, Raymond Wilkinson, vice president; James Corum, past president and committee chairman; Stephen Shaffer, Leonard Harp, Ann DeFeo, Albert Fontana and Lester Rothenberger.

The local team will tangle with Tamqua tomorrow night at 5:30 o'clock in Doylestown.

happy. I think it's what the Lord wants me to do. I do hate to leave Pottstown. I've had cordial relations with members of the congregation."

THE YOUNG pastor's resignation was submitted to the church board of directors this past Sunday and official notice will be given to the congregation next Sunday. The 150-member congregation has increased by 15 during the Rev. Gibbony's tenure there.

The Rev. Gibbony will leave for Radnor with his wife, Betty, and

REV. A. THOMAS GIBBONY, 28-month-old daughter, Linda, the end of this month. During his pastorate at Pottstown he lived in the Kimberton road, Spring City RD 1, parsonage.

The church board will take action as soon as possible to name a pulp committee, which will hear candidates to replace the departing pastor.

Mrs. Gibbony last night resigned as president of the North Branch Christian Endeavor following a vesper service in the East Nantmeal Baptist church.

AT THE business meeting following the branch service, the membership moved to accept its executive board's suggestion to hold evangelistic services during one week in November.

The Rev. Roger Conant, Brower Ellis, Chester county CE president, from the North Branch unit; Mrs. William Pennypacker and Betty Sheeler will be in charge of the services. No site or date for the services have been chosen.

St. Peter's Baptist church's CE society was awarded an attendance banner for having the largest number of members, 25, at the vesper service.

Next meeting of the North Branch CE will be a youth rally at 7:30 p. m. Sept. 9 at Camp Innabab, Pottstown. The Rev. Harold Adams, of Havertown, will speak. Special music will be presented and refreshments served.

Members of the CE society of St. Peter's Baptist church, played several selections on brass instruments, an accordion and a violin and Leonard Noble, of Kenilworth, sang.

would be hard-pressed to reach a decision by then, because it will take Mabel Sayer, the stenographer at least a few days to transcribe her remaining notes.

In addition, all board members will have to look over the text, while the one board member who did not attend any of the four hearing sessions, Clyde Sites, will have to depend entirely on his study of the testimony for the basis of his vote.

A two-thirds vote of the board members is necessary to convict Mrs. Trethewey. If convicted, she would be dismissed. Otherwise, she would continue teaching in Colebrookdale school.

Body said the decision would be reached at a special meeting of the board, the date and time to be set later.

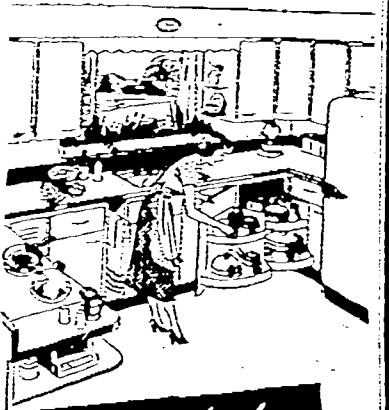

One of the board members, Baker T. Gresh, secretary, has disqualifed himself from voting because he is related to two complaining parents.

THE BOARD paid close attention to both Mrs. Trethewey's testimony and the two attorney's summations yesterday.

Hoffman stressed his opinion that the charges were instigated by "a couple of disgruntled women," and that Sager had tried to prejudice the board and public

church society, host group for the service, invited members of the branch to a hymn sing in the church at 8 p. m. Aug. 31.

It was announced that Charles Drain, past State CE president, and Dr. C. Hans Evans, pastor of the Coatesville Presbyterian church, will be principal speakers Sept. 6 and 7 at the county CE Summer conference at Camp Castle, Downingtown. Each society of the North Branch was requested to send a delegation to the conference.

## Apple-Paring Youth Gets Three Stitches in Thumb

Douglas Keim, 12, of 104 Root avenue, Hanover Heights, probably will eat his apples skin and all from now on.

The youngster cut his left hand near the base of the thumb yesterday afternoon when his knife slipped while he was paring an apple.

Three sutures were required at Memorial hospital about 3:20 o'clock to close the wound. The youth also was given a tetanus shot and discharged. He is the son of Mr. and Mrs. William A. Keim.

Steel alloyed with the metal cobalt is now considered the best metal to resist high heat in jet engines.

MOTOR POLICE guarded the regular monthly meeting of the Colebrookdale school board last night.

Police were stationed at the school amidst reports that parents involved in the cruelty hearing against Mrs. Trethewey would create a disturbance during the board meeting.

Board member Sites reported that the Trethewey case was not discussed during the routine business meeting.

# Boy Suffering From Leukemia Is Still Critical

Tommy Mann, 3½-year-old son of Dr. Arthur F. Mann, Pottstown physician, is expected to return home from a Philadelphia hospital late this week after passing another crisis in his long, apparently hopeless battle with incurable leukemia.

He was on the critical list in Children's hospital for several days, and spent a particularly bad night Monday, but he rallied yesterday and was listed as being in "fair" condition last night, hospital physicians reported.

Tommy has been treated this week with ACTH, a new wonder drug for the first time hospital physicians asserted. But so far, he has not responded significantly in this treatment.

His latest setback followed a period in which the child was able to get out of bed and do such things as go on picnics and attend Sunday school. He first went to the hospital the past March. He returned there this last time eight days ago.

HIS PARENTS were at his bedside almost continuously during his latest crisis. His father will return to Pottstown today for necessary work in his practice on a limited basis.

The Manns live in Maple Gardens.

PERMISSION ASKED HARRISBURG, Aug. 12 (AP)—The Public Utility commission today decided to ask the State Supreme court for permission to appeal a superior court decision, which prevented at \$2,657,000 fare increase for the Pittsburgh Railways company from going into effect.

repair department, filed a complaint denying the "slow-down" charge. He said he jokingly told a worker to go to the water cooler for a drink when the worker asked three times if Ward thought he should decrease his production.

The union was not satisfied with the answer from Ward's superior, and the union took the second step of presenting the grievance to the plant supervisor, who is supposed to answer the complaint.

It is here that the union charges that a breakdown in grievance procedure occurred. They said they got no reply from the company, and the membership voted to strike.

THE THIRD stage of grievance procedure is for a representative of the international union to discuss the issue with management, and if no agreement is reached, to submit the matter to arbitration. In effect, said Coffey, the third stage was carried out yesterday afternoon during a conference at the company between union and company officials.

Attending the meeting was Coffey; Raymond Pudliner, regional director of the union; Russell Keyser, president of Local 496; Rufus W. Schenely, recording secretary of the Local; Lewis C. Schenely, personnel director of the company; Leroy Derr, vice president of the company; and Lewis Van Dusen, company attorney.

The issues to be settled by arbitration are whether Ward was justifiably fired, and whether there had been a breakdown in grievance machinery. If so, the union was not breaking the contract by striking.

The negotiating committee and the executive board of the union submitted the strike settlement to the membership during the meeting last night, and it was ratified at 8:45 p. m.

## Ready for an Outing

except five.

SOME OF these five since have chopped the jungle-like growths from their properties and have given reasons for their failure to cut them down before they received notification.

No matter what the extenuating circumstances may be in each individual case to be heard by Justice of the Peace Richard H. Cadmus, of the Seventh ward, the defendant is at least liable for the costs of the hearing.

Cadmus reported that a criminal procedure will be used in hearing the five violators of the borough weed ordinance but that it is not certain as to the degree of punishment which will be enacted.

Cadmus said that he intends to hold hearings for the violators within the next week, before he begins his vacation the last week of August.

Those awaiting notification of the hearing date are Hazel E. Sotter, 15 South Rohland street; Albert G. Saylor estate, 355 High street; Leonard F. Schwab, 238 Manatany street; Atlantic Refining company, Philadelphia; and Mrs. Eva Swoyer, Tipton.

plained, "It's too early to predict. But I think the Democrats named a very strong man in Governor Stevenson (Gov. Adlai E. Stevenson, of Illinois, Democratic nominee for the presidency).

On the local political picture the doctor was just as cautious. He commented, "I think council is going haywire spending so much money. I've always believed in living within the income."

On the knotty problem of tax equalization he said, "I think there ought to be fair assessments all around town. Assessments should be just to everyone."

"And I believe the job could be done better by outside people who specialize in that type work. Local people doing the job will

always have friends.

HOWEVER, THAT'S a tough problem. It's a problem which affects everyone, and I don't really know how it should be handled."

Porter was elected a delegate to the Democratic National convention in Chicago this past month, but did not attend.

## Supervisors At Firestone Prepare Outing

Supervisors at the Firestone Tire and Rubber company's Pottstown plant will participate in a day-long outing featuring a golf tournament, softball game, quarts, horseshoe pitching, badminton, cards and a buffet supper at Brookside Country club Saturday.

The golf tournament will mark the beginning of the outing, at 7 a. m. Prizes will be awarded for low gross and low net under the Galloway system. A picnic set will be given the winner of a golf chipping contest in the afternoon which will be open to any man at the outing.

"Swartwood's Sluggers," from the company's plastic division and "Hunnicut's Hustlers," of the rubber division will be the combatants in the softball game scheduled for 2 p. m.

The buffet supper will be served between 4:30 and 5 p. m.

Members of the outing's committee on arrangements include Chairman Paul Nowak, manager,

fire inspection; William H. Swartwood, production manager of plastics; A. A. Sanna, industrial relations; George Hooven, traffic manager; Paul G. Yocum, chief inspector of plastics; Elwood H. Lotz, shipping; A. J. DiMaggio, chief chemist; B. K. Lyckberg, manager of plastics laboratories; Stanley T. Wespis, chief engineer; W. D. Handley, resin plant manager; Robert A. Cahill, plastic sales, and the Rev. D. E. Story, public relations.

CHICAGO, Aug. 12 (AP)—Stuart Miller, a 24-year-old right-hander from North Hampton, Mass., broke into the major leagues today by pitching the St. Louis Cardinals to a 1-0 victory over the Chicago Cubs.

Hal Rice's first-inning single scored Red Schoendienst with the game's only run as Miller blanked the Cubs on six hits—half of them credited to Hank Sauer as the Chicago slugger belted a homer and two singles.

It was a tense, drama-packed battle right to the finish—Miller getting Bill Serena, the Cubs' second baseman, with a called third strike on a 3 and 2 pitch for the last out with Chicago runners on first and third base.

Miller, a recent recall from the Cardinals' American Association farm at Columbus with a 11-5 record, proved the first St. Louis pitcher to go the distance since

HAL RICE  
 ... his hit decides

Vinegar Bend Mizell turned the trick with a winning performance against the Braves in Boston July 31.

Bob Rush, the ace of the Chicago staff, was the victim of Miller's brilliant success. It marked the second straight time Rush has dropped a 1-0 verdict. He was trying for his 12th victory.

Dutch Leonard hurled the last round after Rush was lifted for a pinch-batter in the Chicago eighth.

NEW YORK, Aug. 12 (AP)—Mickey Vernon of the Washington Senators and Ted Kluszewski of the Cincinnati Reds, top fielding first basemen in the major leagues last year, are setting the stage for a pair of repeat performances.

As the season swings past the two-thirds mark, Vernon paces the American League first sackers with a .998 average. Kluszewski is tied for the National League lead with Gil Hodges of Brooklyn, each with a .995 figure.

Individual fielding averages compiled by the Associated Press disclose that Vernon has committed only two errors in 1019 chances. Through games of last Sunday, Kluszewski had erred four times in handling 844 chances.

Vernon, who topped the American loop last season with .994, also tied for the lead in 1950. Kluszewski's .997 average paved the way among National League first base guardians last year.

A couple of St. Louis Browns, Bob Young and Clint Courtney, are undisputed defensive leaders in the American League, but ties exist at the other positions.

Young is the pace-setter among second basemen with a mark of .985, one point ahead of Chicago's Nellie Fox. Rookie Courtney heads the catching department with a .997.

Fred Hatfield of Detroit and Gil McDougald of the Yankees are tied for third base laurels at .970. New York's Phil Rizzuto and Johnny Ligon of the Red Sox share shortstop honors with averages of .979.

Second baseman Grady Hatton of Cincinnati and third baseman Willie Jones of the Phils rank high among the National League defensive mainstays. Hatton, a converted third baseman, has made only five errors to capture honors at the keystone sack with a .990 average. At third base Jones shows the way with a .981 figure, 19 points better than his nearest pursuer.

ST. LOUIS, Aug. 12 (AP)—Jim Dyck's two home runs, one in the eighth and the other in the 11th, gave the St. Louis Browns a 3 to 2 victory over the Chicago White Sox here this afternoon. They were his 12th and 13th homers of the season.

Gene Bearden, in going all the way for the Browns, limited the White Sox to five hits. He found a worthy pitching foe in Chuck Stobbs who held the Browns to five hits before he was relieved in the 10th inning.

Luis Aloma came in to strike out Bob Nieman with Freddie Marsh on second and two outs in the 10th.

Commissioner Bernie Moore of the SEC announced yesterday he was ruling Donaldson and another guard, Chester Lukawski, ineligible for further athletic participation. Both are from East Chicago, Ind.

GENE BEARDEN  
 ... Dyck helped plenty

The rulings came after the SEC executive committee suspended Kentucky from SEC basketball competition for a year for "violation of rules and regulations" of the conference.

Dr. H. L. Donovan, university president, declared today commissioner Moore's ruling on Donaldson was out of line. He said under the appeal procedure, the Donaldson case will be presented to each SEC school for a vote.

Donovan said Donaldson was guilty of no more than accepting spare-time employment that netted him less than \$200 in two and a half years.

THE UNIVERSITY president said no appeals would be made from the basketball and Lukawski suspensions. Donovan said Lukawski had admitted taking \$200 for clothing from a football fan. The president added neither he nor any other university official knew of this.

Chicago scored in the sixth inning after Bearden had held them hitless for five rounds. Minny Minoso's single, Ed Robinson's double and an intentional pass to Sam Mele filled the bases. Minoso was forced at the plate on Jim Rivera's grounder to Bobby Young, but Robinson scored on Sherm Lollar's long fly and Mele followed across the plate on Willie Miranda's single.

The Browns came back for one run in the sixth on Marsh's single, an infield out and Bob Nieman's single. Stobbs had two men out in the eighth when Dyck poled his first homer to tie the score.

## 3 Quarters of the Browns

Well-stocked with star quarterbacks are the Cleveland Browns. Otto Graham (center) has been the great pass master of the Browns for six seasons. George Ratterman (left), who starred with Notre Dame and several pro clubs, and Don Klosterman (right), up from the college ranks should ably assist him this season.

Williamsport, Aug. 12 (AP)—Hard hitting by Shortstop Dick Secane carried Monongahela to a 3-2 victory over Phoenixville today in the opening round of the sixth annual Pennsylvania Little League Baseball tournament.

Secane accounted for three of the victor's five runs and three of eight hits with a pair of homers and a double in three trips to the plate.

Eight teams of 8 to 12-year-old players are competing for the right to represent the State in the National Little League World Series here Aug. 26-29.

Larry Sassel started on the hill for Monongahela but was relieved by Ed Kikla in the first inning when Phoenixville, the Philadelphia-Bethlehem area champion scored both runs. Kikla allowed two hits the rest of the way.

The game was interrupted by rain for 35 minutes during the first inning. All tournament games are six-inning affairs.

# Hitchcock's Hit Gives A's 13-Inning Victory

BOSTON, Aug. 12 (AP)—Billy Hitchcock climbed over the Chicago White Sox in the 13th inning to give the Philadelphia Athletics a 13-inning victory over the Boston Red Sox. Clyde Vollmer of the Red Sox belted a two-run homer in the eighth to put the game into a 3-3 deadlock.

The victory was at the expense of veteran Al Benton, who relieved Dizzy Trout as the 12th inning got under way. Benton set the first three Athletics down in order and then ran into trouble when Zernial opened the 13th with a single to left.

Elmer Valo followed with a sacrifice and, after Cass Michaels tied to center, Hitchcock came through with his game-winning blow.

The Athletics bunched four of their 12 hits for three runs in the top of the fourth inning, which ended with Dave Philley grounding out with the bases loaded.

The Red Sox were the first to score, on Faye Throneberry's double, an infield single by Vollmer, and George Kell's fly to left field. Throneberry singled to right center before Vollmer, back in the starting lineup for the first time in a month, blasted his sixth homer of the season.

Thereafter Scheib limited the Red Sox to one hit, a one-out single by Throneberry in the 10th that was wasted when Vollmer grounded into a double play.

Scheib's seventh win against four losses enabled the Athletics to Sept. 17.

ST. LOUIS, Aug. 12 (AP)—The St. Louis Cardinals gained an unexpected addition to their pitching staff today with the announcement of southpaw Harvey Haddix's discharge from the Army. Haddix, who will be 27 next month, was discharged yesterday. He is expected to report to the Cards in time for Thursday's game.

## Try and Stop Me

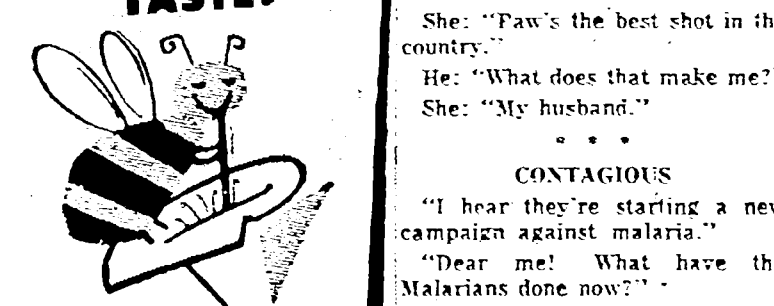

By BENNETT CERF

GROUCHO MARX is said to net over \$4,000 a week these days with his radio and television chores, but there was a time when all four Marx brothers together had a difficult job keeping the wolf away from the door. Traveling from one town to another their mother, Minnie Marx, dressed them up in short pants and Buster Brown collars so they could ride for half fare. Once, when a harassed conductor informed Mrs. Marx that her "little boys" were smoking cigars, chasing girls, and playing poker in the coach ahead, she beamed at him and confided, "They grow so fast."

A clever mother gave her eight-year-old son a wrist-watch so that he could time himself when he practiced on the piano. A few days later the son enthused, "Gee, mom, this watch is great. It'll wind it up tight enough it does an hour in 52 minutes."

# Truman Meeting With Stevenson Denounced by Ike

DENVER, Aug. 12 (AP)—Gen. Dwight D. Eisenhower said the meeting of Gov. Adlai Stevenson of Illinois with President Truman's cabinet means the Democratic presidential nominee "is subservient to the political forces which have too long been in power in our country."

Eisenhower, the Republican presidential candidate, sharply denounced the White House session a few hours after his running mate, Sen. Richard M. Nixon, declared that Stevenson's attendance at the cabinet meeting made him "part and parcel of the Truman campaign."

## President, Stevenson May Start Campaign With Sept. 1 Talks

SPRINGFIELD, Ill., Aug. 12 (AP)—The President, the cabinet and Gov. Adlai Stevenson said tonight the Democratic presidential campaign may be kicked off with Labor Day speeches both by President Truman and himself.

Stevenson, the Democratic presidential nominee, returned here in good spirits from Washington and a conference with President Truman.

If plans are worked out, then Truman would speak in Milwaukee while Stevenson would make his first major campaign address in Detroit. They now have tentative engagements to speak in those cities.

"If the two groups (sponsors) can make the arrangements as I think they can," he said, "I think we both may speak on the same day."

STEVENS ON DESCRIBED Truman as being "just as cooperative as he can be." And he added: "All he wants to do is what we want him to do."

Someone asked if Truman would play the role of a "duck private in the rear ranks" during the campaign. Stevenson said: "That's what he said he would be."

This show of harmony and co-operation came after reports of conflict between Stevenson and Truman over the conduct of the campaign.

Others in Stevenson's party said privately there was a "genuine show" of good will and cooperation at the White House. Stevenson said he and Sen. John Sparkman of Alabama, his running mate, had an hour alone with the President discussing campaign plans. He said the briefing given him by Gen. Omar Bradley, chairman of the Joint Chiefs of Staff, and Gen. Benoit Smith, director of the Central Intelligence Agency had been "extremely helpful."

## A-Bomb Fuel Plant Will Go Up in Ohio

WASHINGTON, Aug. 12 (AP)—A sparsely settled area in southern Portsmouth was picked today as the site for a new \$1,200,000,000 plant to speed output of atomic bomb fuel.

The Atomic Energy commission announced the selection, confirming reports which had circulated in Ohio since yesterday.

The fact that the new installation would be built, and that it would go to the general Ohio river valley area, had been known for months. The plant is an important unit of the three billion dollar atomic expansion program for which Congress appropriated money just before adjournment of the last session.

## Around the Nation

### Successor Is Picked

SPRINGFIELD, Ill., Aug. 12 (AP)—Lt. Gov. Sherman Dixon today was picked as Gov. Adlai Stevenson's successor to head the Illinois Democratic ticket in the Nov. 4 election.

Dixon's selection by the 25-member State Democratic Central committee climaxed an intra-party row between Secretary of State Edward J. Barrett and Stevenson followers.

Stevenson supported Dixon, saying he was "the logical choice" for the governor nomination because of his role in the present administration.

Barrett claimed his longer tenure in office made him better known to voters and a stronger man to lead the State ticket.

James A. Rona, committee chairman, told reporters the decision at a closed meeting was unanimous.

### Cherry Is Leading

LITTLE ROCK, Ark., Aug. 12 (AP)—Judge Francis Cherry jumped to a lead over Gov. Sid McMath, a third term candidate, tonight on the basis of early scattered returns from today's run-off Democratic primary.

Unofficial returns from 421 of the State's 2268 voting boxes gave: Cherry, 22,631; McMath, 13,315.

Cherry, a northeast Arkansas native, is a Chancery court judge, who was little known outside his own district when he entered the race, ran 5,000 votes behind McMath in the 1948 primary. July 29.

## Hvastas Seek Word of Missing Son

Jack McFall (right), assistant secretary of state for Congressional relations, talks with members of the Michael Hvasta family from Hillside, N. J., in Washington. The Hvastas called on McFall with Rep. Peter Rodino Jr. (D-N.J.) to try to find out more about their son, John, an American ex-sailor jailed in Czechoslovakia on spy charges. Left to right: Mr. and Mrs. Michael Hvasta, John's parents; Rep. Rodino; Stephen, 22, John's brother, and McFall.

## Skipper of Hobson Found in Error

WASHINGTON, Aug. 12 (AP)—Naval Court of Inquiry announced today that the "sole cause" of the disastrous mid-Atlantic collision between the carrier Wasp and the destroyer minesweeper Hobson on April 26 was an "unexplained left turn" made by the smaller vessel.

A total of 176 crewmen died in the sinking of the Hobson. Commander W. J. Tierney, skipper of the Hobson, "committed a grave error in judgment" in making the turn.

## Hvasta Case Seen As Treaty Violation

WASHINGTON, Aug. 12 (AP)—reported the past week that Secretary of State Acheson today denounced Communist Czechoslovakia as a treaty violator for barring a ten-year sentence as an alibi for U. S. authorities from inter-legated American spy. Since then viewing John Hvasta, 25-year-old nothing has been heard of Hvasta's American, before he reportedly escaped from a Czech prison.

Acheson also questioned whether Hvasta actually broke out of his Red bondage, as announced by the Czechs.

## Jet Ace Attributes Score to Luck, Gunsight

WASHINGTON, Aug. 12 (AP)—Lt. James F. Low, 26, the Air Force's 17th jet ace, today attributed his score of six Russian-built MIG 15s destroyed to (1) luck and (2) an improved gunsight.

Low, from Sausalito, Cal., told a news conference that all but one of his airplane kills in Korea were scored with the new modified combat gunsight now installed in F-86s.

### Declaration Made

LUXEMBOURG, Aug. 12 (AP)—The United States Government will deal directly from now on with the six nations coal and steel ministry.

This was emphasized today by a declaration released to the press by Jean Monnet, chief of the newly installed executive of the Schuman coal and steel pool.

Commenting in his statement on U. S. Secretary of State Dean Acheson's comments on the opening of the pool high authority's first session here the past Sun, Monnet said: "From now on the United States will deal with the community for questions related to coal and steel."

### Oil Parley Held

TEHRAN, Iran, Aug. 12 (AP)—Count Ettore Della Zonca head of an Italian oil company, conferred with Premier Mohammed Mossadegh today and was reported to have discussed the purchase of Iranian oil which this near-bankrupt nation is anxious to sell.

Tehran newspapers said two representatives of a French oil company had also arrived to begin similar negotiations with Mossadegh, newly equipped with virtual dictator's powers to ease Iran's economic plight.

## Arms Conference Has 1 Condition

UNITED NATIONS, N. Y., Aug. 12 (AP)—Britain, France and the United States told the UN Disarmament commission today they would agree to hold a big five arms conference with Russia and China if Russia first agreed to their proposals for troop ceilings.

The ceilings, proposed the past May, would limit the U. S., Russia and China to 1,500,000 men each in all branches of their armed forces, and would give Britain and France 800,000 men each.

The Western proposal did not say which Chinese regime—Nationalist or Communist—would be invited to an arms conference, but only the Red Government in Peking is regarded as a formidable military power. The Nationalists, however, hold the Chinese seat in the UN.

The plan suggested the five permanent members of the Security Council—the U. S., Britain, Russia, France and China—reach an arms agreement which would be copied by regional meetings of smaller nations.

RUSSIA'S JACOB A. Malik immediately called the ceilings idea a "one-sided proposal" and claimed only Russia's plan for a flat one-third reduction of armed forces of the big five was valid.

Then he asked Benjamin Cohen, U. S. alternate delegate, whether the new three-power proposals meant that prohibition of atomic weapons would be simultaneous with adopting concrete decisions on arms reductions.

Cohen responded that if he understood Malik's question the answer was yes. To a reporter after the meeting Cohen explained that his yes did not represent any change in the Western powers' opposition to announcing prohibition of atomic weapons before some system of international inspection and control was set up.

THE Marines, firing from prefabricated bunkers spotted along the ridge during a few quiet hours Tuesday, hurled back the Reds.

(This was the first mention of prefabricated bunkers being used to replace destroyed fortifications.) The second assault came in the predawn dark. Waves of Chinese pushed up the hill. The action raged for four hours.

"It was a hell of a fight but they never reached our positions," a Marine spokesman said. "When the Chinese began retreating we really slugged them with artillery."

## Keep costs down, performance up, with a Dodge

"My Dodge trucks save a lot of money on gas!"

Mr. M. A. ROBINSON  
Contract Painter,  
Mobile, Ala.

"On a 200-mile run I save 1 1/2 to 2 gallons of gas. I get this saving seven days a week, and on my two trucks that means I save over \$300.00 a year on gas alone. That's good, because each of my trucks makes an average of 50 stops per day hauling mail."

"My first Dodge truck cost me only \$54.00 of repair expense in two years. I ran my second Dodge over 103,000 miles in two years and spent only \$15.50 on it for repairs."

"If I'd known what I know now about Dodge trucks, I'd have switched to them long ago and saved myself a lot of money."

## Egyptian Cabinet Grants Committees Sweeping Powers

CAIRO, Aug. 12 (AP)—The Egyptian cabinet tonight set up seven committees with sweeping powers to clean up corruption in public office dating back to 1939 in the reign of the abdicated King Farouk.

Previous edicts of the reform government mopping up after Farouk had provided prosecution and punishment only for wrongdoers in the present and future.

The drastic new action followed by only a few hours a cabinet decision in principle to restrict land ownership. It added momentum to the reforms projected by Premier Aly Maher and the strongman commander in chief, Maj. Gen. Mohammed Naguib.

The purge committee were given extraordinary powers to arrest any person alleged to have participated in widespread graft.

They were given power to enforce all administrative penalties, including dismissal from office, compulsory retirement, demotion and the filing of criminal charges.

Farouk took the throne under a regency at age 16 in 1936 and came to actual power at 18. The look-back into corruption thus almost parallels his active reign as monarch. Naguib forced him to abdicate the past July 26 and sent him into exile in Italy.

## Still Up in the Air

POTTSTOWN borough council must begin all over again to make plans for equalization of assessments now that it voted, 11 to 6, to reject an offer for a Cleveland firm to do the work.

Councilmen, all of the men who occupy desks in borough hall, said they were in favor of ironing out any inequities that existed on borough books.

But they thought \$30,000 shouldn't be spent to do the work. That's what the Cleveland firm bid.

Majorities of both parties in the council chamber—Republican and Democratic—voted to reject the \$30,000 job. Seven Republicans of 11 present voted against the proposition. The Democratic score was 4 to 2 against.

The vote seemed to have been pretty well determined in advance. One Republican and one Democrat presented prepared statements in opposition to the re-assessment plan.

All the councilmen said they favored re-assessment to end inequities, if any exist. Most taxpayers favor such action, too. Who wants to bear a disproportionate share of the borough costs?

But the main reasons advanced by the opposition was: "Where are we going to get the \$30,000?" and "The work can be done at home with little or no extra cost."

Many a taxpayer agreed that the \$30,000 was a large sum of money to be expended, when so many other urgent improvements were necessary—and the money for street improvements, sewer extensions, was not available.

Many a taxpayer was opposed to the plan to borrow the money. Taxpayers remember that borough hall, erected on a bond issue of \$90,000 in 1924, still isn't paid for. They recalled that sewer and sewage disposal bonds, issued in 1925, haven't been paid off!

A third factor that entered into rejection of the \$30,000 plan was a question of legality—whether the borough could pay for the work.

Some councilmen also feared the Montgomery county board of assessment might not accept the recommendations of an outside firm. Then the work would have been done in vain—and the \$30,000 thrown down the drain.

The Pottstown school district already had rejected as illegal a claim that it should pay half of the re-assessment cost. Many a borough councilman felt \$30,000 was too much to pay in view of what little benefit might accrue to the borough.

So now a new plan is looked for. The re-assessment committee was directed to seek another solution.

## Now That August's Here

AUGUST, like Fridays the 13th, endures a reputation as an inauspicious time for starting any ambitious undertaking. According to one school of thought it is inadvisable in August to embark upon anything more strenuous than a vacation.

Accordingly, we were interested to read in the New York Times a long list of events of heroic mold which have occurred in various Augusts during the last 400 years or so.

Nemby-pemby and easy-willies, who wouldn't start building a spare bedroom onto the house until it gets a little cooler need reminding it was in August that Christopher Columbus set sail from Palos, Spain and, in spite of the midsummer heat and other disadvantages, discovered America.

People were still up and doing in Augusts four centuries further along when the British burnt the Capitol and White House at Washington. In rare anyone still remains unconvinced, "we go on to point out that it was in an August of our own time, five years ago, that Mrs. Margaret Truman gave her first public concert as a soprano soloist, at Hollywood Bowl.

Contrary to a prevailing impression, August is not too warm at all, we rather from this brisk Gallup through history. It is exactly the right temperature for anything and everyone to do, from starting a career to discovering a continent.

## Home-Hunter Is Angered by High Rents

Landlords Criticized

To the Editor: I cannot understand landlords who are supposed to be just people. We have been looking for a place to rent for about a year.

Every place we go to apply, they say "No children."

We only have one (a boy 10) whom they might overlook if he were a girl.

We are an average wage-earning family. The landlord must think their places are made of gold by the rent they want. We are not destructive. We would rather fix things nice. After all, we have to live in it.

To get a place to live I guess I should put our boy in a school and get rid of his dog.

Why aren't landlords reasonable? What should we do? Buy a house? That's easily said. But we haven't that kind of money to buy just now.

With things so high, how can any one save money?

### ADA Support Important

### To Gov. Stevenson

By RAY TUCKER

WASHINGTON, Aug. 12.—Although Governor Adlai E. Stevenson's tieup with founders and officials of Americans for Democratic Action has provoked some misgiving among Democratic conservatives, it appears to be a calculated risk designed to carry such electorally important states as New York, Michigan, Illinois, Ohio and California.

If the Democratic nominee can outrun General Eisenhower in these areas, and also hold the southern and border states, he will be the next President of the United States. And the so-called liberal element, as represented by ADA and its labor and racial allies, can provide the balance-of-power vote in these large, populous, industrial commonwealths. It's as simple as that.

Governor Stevenson insists, that there is no ideological significance to his selection of such prominent ADA-ers as Wilson Wyatt and Arthur S. Schlesinger as top aides. He says that he picked them solely because of their individual ability for specific assignments, and without thought of their ADA associations and principles.

Nevertheless, he has given the GOP an avenue of attack to its liking. He has also raised doubts among millions of Democrats and independents who, despite their admiration for Eisenhower, would like to vote for Stevenson, but will do so only on assurance that he will disband the "Missouri gang," and scrap many Truman theories, if he reaches the White House.

IRRITATED: ADA-ers' descent on Springfield has not encouraged these waverers. For ADA is dedicated to preserving and extending "New Deal-Fair-Deal" reforms.

Indeed, it has frequently irritated Truman and the "regulars" by denouncing him for not striving more earnestly for a compulsory FEPC, Taft-Hartley repeal, more generous government aid to health, housing and education. It advocates greater federal intervention and control in many fields.

It was assailed by two distinguished Democrats at Chicago—Vice President Barkley and Senator Richard B. Russell of Georgia. It got in everybody's hair.

The ADA, however, must be reckoned with by the Democratic candidate. It has shown its political power and solidarity in several important elections.

It staged its latest display in last year's New York municipal contests. It cast 363,115 votes for Rudolph Haller, counsel for the Kefauver crime committee, as president of the City Council, defeating the Tammany entry. It helped to elect a Democratic administration in Philadelphia for the first time.

In 1949, it sent Franklin D. Roosevelt Jr. to the House in a special election, swamping the regular organization's candidate. It has proportionate strength in many cities and states, especially among women and young voters.

DECISIVE: Another method of weighing the ballot-box importance of this support is to analyze Henry A. Wallace's vote in 1948, when he ran as a Progressive. Although the two groups have parted company, Henry stirred the imagination of the so-called liberals, leftists, independents and muckwumps now lumped in ADA.

The Wallace turnout was decisive in four states with an electoral total of 122. It enabled Dewey to carry New York and Michigan by narrow margins. He would have lost both without a Wallace in the race.

Dewey squeaked through in his state by only 60,939, with Wallace polling 509,538, mostly Democrats. The New York Governor won Michigan by only 33,147, aided by Wallace's 46,515 total.

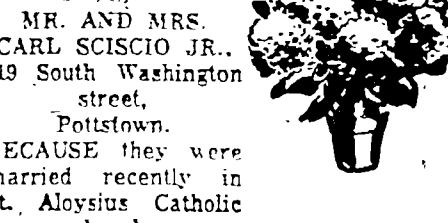

Truman's majorities in California and Ohio—17,855 and 7,107 respectively—would have been far more respectable, if it had not been for the man who was and ADA hero, before he fell from grace.

## Keep a Good Man

To the Editor: I am very late in writing this letter, but I hope you will pardon its tardiness.

It is about George Ruyak who I read in The Mercury is to move out of the Third Ward and thus can no longer be a councilman.

He has done a very good job as a councilman, doing a lot to bring some bad situations to attention. I think there should be some way worked out of allowing him to continue his term, if he wants, until the end of his regular four years.

Perhaps something could be done like this: appoint another man who lives in the ward as councilman, and continue Mr. Ruyak on, too, then give each of them half a vote.

This system would prevent the town of being robbed of a good councilman whenever a man had to move out of his own ward, and at the same time would assure the people of that ward of still being represented by somebody who still lives there.

## Cars Are Dangerous

To the Editor: I think Mrs. Ann Hartmaier, the Swamp pike resident, who lost her pet dog the other day when a wild motorist rolled along Swamp pike at an excessive speed, has a legitimate gripe.

No matter where you drive these days, maniacs behind wheels carry on like little boys in a dodge 'em rink at the old picnic grounds.

It's not just Swamp pike where the offenders thrive. They roll up and down Routes 422, 83, 29 and other main highways in the area. And they carry on at a ridiculous rate in the borough.

If police forces over the nation can't curb the growing menace then the automotive industry will have to cut down on the size and horsepower of engines.

Perhaps both ideas should be worked together. Imagine it, cars are now being built with 120 and 180 horsepower motors. Each manufacturer tries to outdo the other.

As a result the modern automobile is becoming too quick and powerful for the average person's reflexes.

## The Worry Clinic

By DR. GEORGE W. CRANE

LORA M., 27, has been married three years.

"Dr. Crane, I am in my fourth month of pregnancy," she began. "I am getting along very well medically.

"But it is more apparent every day that my husband and I need some advice on the psychological adjustments necessary.

"This will be our first baby. We both are delighted at the prospect. But if I happen to complain of an aching back, my husband ridicules me by saying I am just a hypochondriac and want attention.

"He says I am putting on an act and want to be babied. I'll grant that he may be 50 percent correct, but it isn't all that.

"He says, moreover, that I am over-sensitive to everything he says and that I am a completely different person.

"He complains that I do not take as much interest in him as formerly or do as many little things for him.

"He has told me that when the baby is born, I'll probably have no time for him.

"I confess that I do get upset when he quarrels or speaks sharply to me, and I cry more often.

"Nor do I react as ardently to marital relations. So I want all the advice and bulletins which you have on the subject of marital relations and pregnancy.

"Am I very unusual in my reactions, Dr. Crane? Or is my husband mistaken?"

SOME WOMEN try to take advantage of their husbands during pregnancy. They may put on an act for nine months, realizing that their altered physical condition makes a man uncertain and thus inclined to give his wife the benefit of the doubt.

We do the same thing with children when they are ailing. If we don't know how serious the complaint may be, we tend to give them the benefit of the doubt. Many youngsters will thereupon take advantage.

But Lora is a well balanced personality with a reasonable sense of humor.

Like most women, however, she is hypersensitive at this time. She feels a little moody, partly because of uncertainty, since she has never gone through childbirth before. She fears the unknown future.

Some women worry, too, over the loss of their streamlined figures and wonder if girlhood with all the delights of youth, is forever to disappear.

There is often a slight dismay and some pang of regret when we renounce a previous status and say farewell.

Despite her delight in anticipating a baby, Lora knows she is saying goodbye to her previous carefree life.

For she will be tied down much more after the baby arrives. She senses the change now, for she isn't as active on her feet.

# BOND ISSUE —

(Continued From Page One)

and date for the bond issue. That and other information relative to the ballot and bonds will be submitted to the solicitor.

A \$450,000 street construction bond issue was defeated in every ward at the general election this past November. The final count was 3729 to 2626.

Six hundred voters failed to mark special referendum ballots. The issue called for the construction of six miles of new streets and provided that adjacent property pay two-thirds of construction costs and the borough one-third.

Residents in the North End, where the bond issue would have had its greatest effect, and residents of the older sections of the borough rejected the referendum with equally large pluralities.

At the July 24 meeting, committeemen pointed to the 600 unmarked ballots as a reason why the bond issue should be placed before the public at a separate election.

ALSO, AT the meeting a report on the visual survey made by the Montgomery county department of highways and bridges was reviewed by the committees.

The visual survey resulted in an estimated \$340,000 improvement program for construction of streets in new sections of the borough.

Dow I. Sears, assistant borough manager, was directed to request, C. O. Cooke, Montgomery county superintendent of highways and bridges, to extend his survey to some of the borough's old streets.

Horace B. Gulden, borough manager, read results of the survey on the old streets at Monday's council session.

Rebuilding of these streets, which includes tree removal, curbing, storm sewers and grading and surfacing was estimated at \$313,636.

This figure, added to the construction figure for streets in new developments, totals over \$900,000.

Committee members will have to decide how large the bond issue will be and what new and what old streets will be placed on the issue.

GUSTAV H. SCHADE JR., Ninth ward member of the finance committee, continued, at the July 24 session, "We've got to do something about the older streets in the borough."

He asserted the bond issue was defeated because older streets were not included on the program.

Both Peter J. Lawler, Third ward member of the highway committee, and Wells reminded the committees they should be careful when they select the streets for the issue.

The GOP campaigned for the bond issue. The Democrats campaigned for a program to pay for streets out of general funds.

north side of High street for about an hour while workmen from the nearby East End Esso Service station tried to cure the truck's starting trouble.

TO GET out of the truck himself, Briggs had to crawl through a window.

He said he left the truck and was going to the service station, when the truck began rolling backward without his seeing it.

The 18-year-old was eating in Rosedale diner, almost directly across High street from the truck's parking space, when he saw it start rolling backward.

The occupied car that came closest to getting hit was driven by Calvin R. Fagley, 350 Washington street, Roversford. He'd been driving east slowly when he saw the big truck pull out from its parking space ahead and start across the street.

"I couldn't believe there wasn't any driver in it. . . . But I looked again. When I saw it was empty, I threw my car into reverse in one big hurry."

The projecting steel beams passed within a few yards of the reversing car.

Bubb also was an eye-witness. He was chatting in the showroom

# Nursery Rhymes Come to Life

Children of Pottstown's playgrounds are obviously enjoying themselves in rehearsing for the operetta to be held at the Senior High school tonight. In a scene from "Mother Goose Island" the children went over their lines. Billy Evans (left) donned over-size hands and ears to act as Little Bo-Peep's sheep. Judy Grebe will be Bo-Peep in the performance. (Story on Page 1. Another picture on Page 3).

ting in secret during the playground season.

Children from all nine playgrounds in the borough attended dress rehearsal at the Franklin school yesterday.

Under the direction of Mrs. Florence Manthorne, playground director, the children rehearsed most of the day.

BECAUSE of the operetta tonight, the playgrounds will close at 2:30 o'clock this afternoon and will not open again until tomorrow afternoon at 1:30 o'clock.

All the playgrounds were busy rehearsing for their individual skits yesterday morning.

At Happy Hill three children will play the principal roles in the skit they have planned. The actors will be Ruth Ann Hallman, Arlene Gaulk and Randolph Caulk.

There was not much time for games at Happy Hill yesterday. The children rehearsed for the skit all morning and in the afternoon they went to Franklin playground for dress rehearsal.

St. Clair playground also was busy rehearsing all day yesterday but for the first time this Summer the boys and girls found time to play musical chairs.

Inside the school building, Barbara Cressman, the playground leader, played the piano while Rita Ann and Bonnie Herodius, Patsy Glick, Janet and Edith Lane and Pat and Mary Ann Koval frolicked around the chairs.

# HYBRID CORN —

(Continued From Page One)

I don't think anybody plants the open pollinated kind anymore. Of course we change the variety of hybrid to experiment, but stick to hybrid. It yields better because of its deep roots."

Kulp said he and his family have been using the hybrid seed about ten years. Of his hybrid crop, which "usually is good," he said, "I think it's going to be pretty good this year."

MORRIS "DOC" STRICKLAND, who operates the W. H. Dunwoody Zook farm in Nantmeal Village, said:

"All of the corn is doing very well. All 15 acres are planted in hybrid. We haven't lost any corn because of the weather. We've been using the hybrid seed about ten years and have had very good crops from it."

He expects another good crop despite the drought which was followed by two big storms, because of the particular quality of the hybrid corn to withstand fairly bad weather.

J. Howard "Fuzz" Kugler, of Limerick, has been using hybrid seed in his 20-acre corn field for the same period as Strickland. Though he did not measure his yield per acre the past year, he said his helper estimated it was about the best crop Kugler has had.

Kugler said, "My corn is beautiful and green," and reported "the corn didn't suffer all season."

CUTHBERT NAIRN, of Douglassville RD 1, who has 40 acres in hybrid corn, was the only farmer contacted who has not had especially good crops.

"We've had fair corn, nothing exceptional, just a good crop" during the ten or 12 years he has used hybrid seed, he said.

Though he agreed with the other farmers about the ability of hybrid corn roots to pull the plant through not too severe weather, he was put out by the loss of some corn in low sections of his land where heavy rains were caught and which then proceeded to wash out even the deep roots of the hybrid corn.

**Will you be able to save when you are making more money?**  
The size of the income is not the primary factor in this problem. One depositor who never made more than two hundred dollars a month left, at a ripe old age, an estate of over twenty thousand dollars. On the other hand a vice president of a large corporation, making in excess of \$25,000 a year, except for the Government bonds which the company had held out and the insurance it provided, left more current bills than assets.  
Don't wait until your "ship comes in" to begin to save. If you can't save now, you never can. Heave to and steer for the post of success by determining to save 5%, 10% or some certain fraction of your salary, beginning the very next pay day.

### Fun in Form of Archery and Volley Ball Prevails at Camp

A counselor stretches a point in a volley ball (top photo) game among 'Missionary Volunteers' spending this week at Pottstown Community camp near Earlville. Appearing are 160 children aged 9 to 16, from all parts of Pennsylvania and from three nearby states. Adell Lewis (lower photo right), a counselor at the Summer training camp, shows the ease of stringing a bow to Ruth Batton, (left), and Cynthia Moyer. (Story on Page One)

### Brethren Church Picnic Is Scheduled for Today

The Baltzell Evangelical United Brethren Sunday school picnic will be held today at 4 o'clock at Sunnyside park. Dinner will be at 5:30 o'clock. In case of rain it will be postponed until tomorrow.

Headed by Mr. William Riley, the committee consists of Mr. Hugh Frame, Mr. Everett Freese, Mr. Lewis Boughner, Mrs. Randall Stalzfus, Mr. Donald Mace, Miss Suzanne Kirby, and Viola Shaner.

Those on the same committee are Mrs. Alice Frame, Mrs. Helen Freese, Mrs. Janet Marquette, Miss Ruth Snellenberger, and Mrs. Dorothy Bealer. Mr. Edgar Gray will be the Sunday school superintendent.

### Planning for Dance Of Local Flying Club Nears Its Completion

The committee in charge of the Flying Club met Monday night at the Lakeside Inn to speed the final arrangements for the dance to be given at 8 o'clock Aug. 23, the night before the Air Show.

Sponsored by the Flying Club, a group of private flyers and to be held in the ballroom of the Die Casters club, the dance will be open to the public.

Mrs. W. F. Wells and her committee expect flyers and those interested in flying from all over the state and as far south as Virginia where notices have been sent. They have also made arrangements for inviting any of the veterans from Valley Forge Army hospital who may wish to come.

One of the special attractions of the ball, revealed Mrs. Wells, will be the presence of the Baroness and queen, Miss Mary Lou Smale, and her court, the Misses Doris Seib, Joan Kern, Darlene Donofrio, Claudia Elcker, Dolores Piro, and Arlene Shaffer.

Actively helping Mrs. Wells are committee members Mrs. Sidney Pollock, Mrs. Paul Muehlen, Mrs. Harvey H. Wolf, Mrs. Herbert Maier, Mrs. Joan Basco, and Mrs. James J. Moore.

You can air dry or be satisfied if you put them on a draining rack after you have washed them. To do the best job of washing, use hot soapy water and then rinse with very hot water.

### Bixler Stork Shower Honors Mrs. Auman

A stork shower was held recently at the home of Mrs. Phyllis Bixler Jackson, in honor of Mrs. Ruth Auman, New Berlin, Pa.

The kitchen table was loaded with presents, tied with streamers, which fell from a suspended umbrella.

After the gifts had been opened, the following guests were served refreshments by the hostess, Mrs. Mary Bixler, Mrs. Joyce H. and Mrs. Fern Herb from Reading, Mrs. Geline Quaintance, New Berlinville, Mrs. Gloria Hazaman, Jackson, Pa.

Also Mrs. Stella Wagner and children, Mrs. Joan Hertz, and one Glenn Gary, and Gregory, Mrs. Jane Fink, Mr. Elvaon, and one Engle, Mr. A. J. and Mr. Sara Spence and sons Ray and Tom of Temple, Barry Bixler and Patches Auman.

### Brownie Troop 23 Meets In Presbyterian Church

Brownie Troop 23 of First Presbyterian church met recently. Due to the rainy weather outside, they had to hold their party in the social room of the church.

Christina Welch, daughter of Mr. and Mrs. C. E. Welch, Logan and Master streets, told the group about her experiences at Camp Woodhaven, Elverson. Since the Girl Scout camp receives many more applicants than they can accommodate, she was lucky in being only one of her troop to gain admittance.

Mrs. Doris L. Maimone, the leader of the group, was assisted by Mrs. Mary Keeler and Mrs. Helen Spangenberg in helping the girls with their songs, games, and refreshments.

Brownie members present were Jane Cressell, Sarah Graham, Bonnie Christman, Diane Hendig, Barbara Lord, Jeanne and Minnie, Mary Lina, McCabe, Kathryn Sensing, Linda Smale, Karen Stauffer, and Mary Rowland.

### Brownie Troop Tour Samples and Views Processing of Milk

Brownie Troop 7 met recently at the Emmanuel Lutheran church to go on a sight-seeing tour of a local dairy. The process which interested them most was seeing the milk bottled and capped.

The sample treat of ice cream also was well received by the girls.

Leading the troop were Mrs. Albert Istenes, Mrs. Vincent Schweitzer, and Mrs. John Quinter. Brownies present for the tour were Sharon Acker, Barbara Davis, Sandra Genie, Patricia Jackman, Marjorie Istenes, Janet Lay, Anna Levan, Sandra March, Nancy Quinter, Carol Schmidt, Susan Schweitzer, Judith Calen, Bonnie and Gail Large, Corinne Recental, Dolores Frey, and Joanne Heimbach.

Visitors with the troop were Edna Ruppel, Donna Ruppel, and Joan Istenes.

### Teen-Aide Group Meets at Sunnyside

New officers for the term 1952 will be elected at a teen-aide meeting of the Teen Aide auxiliary of Pottstown hospital at Sunnyside park.

Marjorie Hampton, chairman of the nominating committee, will give her report.

Committee members of the barn dance, "Dogpatch Hop," will also give a report. The dance will be held Wednesday, Aug. 20, at 8:30.

### Mrs. Paul Seeders Entertains at Ladies' Auxiliary Meeting

The Ladies' auxiliary of the North End Episcopal church held its meeting Monday night at the home of Mrs. Paul Seeders, Maple Manor.

Mrs. Emory Lord presided, presided at the meeting. Mrs. August F. Krause read the secretary's report and the treasurer's report was read by Mrs. Elmer Moyer.

Committee reports were given by Mrs. Frank Riegner, wife and means, Mrs. James Pollock, mercantile club and Mrs. Walter Ziegler, membership.

A REPORT of the trip to Valley Forge hospital on Aug. 4 was given by Mrs. Pollock. Those taking the trip were Mrs. Pollock, Mrs. Riegner, Mrs. Carl Mueser, Mr. William Donohue, Miss Ruth Shaffer, and Mr. and Mrs. Chee, Keuchler.

It was announced that a pie and cake sale will be held on Saturday, Sept. 17, and that a membership drive is now on.

The tag in the box was won by Mrs. Violet Sovia.

THE NEXT meeting will be held at the home of Mrs. Anna McCaslin, 644 Hazel Street.

The meeting was adjourned with the Lord's Prayer.

After the close of the business meeting, the group enjoyed playing cards. Hoisters of the evening were Mrs. Viola Cox, Mrs. Valda Hartman, Mrs. Marjorie Knopp, Mrs. Mildred Ziegler, Mrs. Helen Nauma, and Mrs. June Vergey.

When you are baking cake or cookies have the shortening used at room temperature. To measure the shortening accurately, pack it firmly into a graduated measuring cup. Level it off with a straight edged knife or spatula. In measuring 1/2 cup or less of shortening it is convenient to use a table spoon, there are four tablespoons in 1/2 cup.
